January 25/53

Dear Dean Hall,

How nice it is to be remembered!  
And, how lucky I am to have  
such wonderful ex-Board members!  
Father Berry & Mr. Fisher also  
wrote me about the luncheon  
and I gather you are all  
pleased with the development  
of the school & its progress  
under John Moore's directorship.  
He seems to be surmounting

the many difficulties - to some  
extent, even the financial ones -  
steadily. One can't expect everything  
at once & I'm so glad he  
doesn't get too discouraged.

I hope some day you & Mrs. Hall  
will come to Victoria - don't wait  
till you retire - that, surely, is  
in the dim & distant future!

Somehow, although I'm very aware  
of how "time marches on", I  
really can't imagine you as a  
grandfather!

I'm so glad you've been interested  
in the M.C.S.A. - as Vice-President

and I'm sure you've given it-  
valuable help. Do you remember  
the time (many years ago) when  
we tried to persuade you to  
become its Director? That  
was before you became a Dean!

I shall always remember  
your kindness to me & the  
help that you gave so  
unflinchingly when I needed  
it. It is very pleasant to  
feel I retain your friendship  
& I do hope to see you

again before long.

With very many thanks &  
with all good wishes to you  
& Mrs. Hall in the year  
ahead to us.

Very sincerely yours

~~Howard K. Mumford~~
